

# 2026 NEW YEAR'S GREETINGS

## Ms. Mirella Sardini, President, IMA SpA

A new year has begun, bringing with it a fresh mood.

In 2026, IMA approaches a significant milestone as we prepare to celebrate 50 years of activity in 2027. This year, our new motto centers around an essential concept that the company has always upheld as its primary value: trust.

The trust that our collaborators, suppliers, and especially our clients have placed in us, as a company and as individuals, has led to long-term relationships and vibrant, fruitful partnerships that have endured for many years. When a client continues to choose us year after year, we know we have

done a good job. Our greatest commitment is to continue on this path, nurturing trust and meeting the evolving needs that arise over time.

Innovation, professionalism, and exceptional after-sales service are crucial steps toward building trust, characterizing an attentive company that listens and crafts collaborations tailored to each customer and collaborator.

The past two years have been particularly challenging and demanding; however, we anticipate a recovery in 2026, along with new opportunities—despite the objective difficulties surrounding us, from the international political scenario to the complex and uncertain economic situation.

Despite all odds, we are still here after 49 years, constantly seeking new goals and ambitious milestones, fueled by the understanding that our clients continue to trust us and encourage us to improve every day. This is truly a driving force for us.

In conclusion, IMA team and I, we extend our heartfelt thanks to the readers of JSN, all our customers, and partners who have placed their trust in us over the years.

We wish everyone a great start to the year and we look forward to seeing you around the world!
